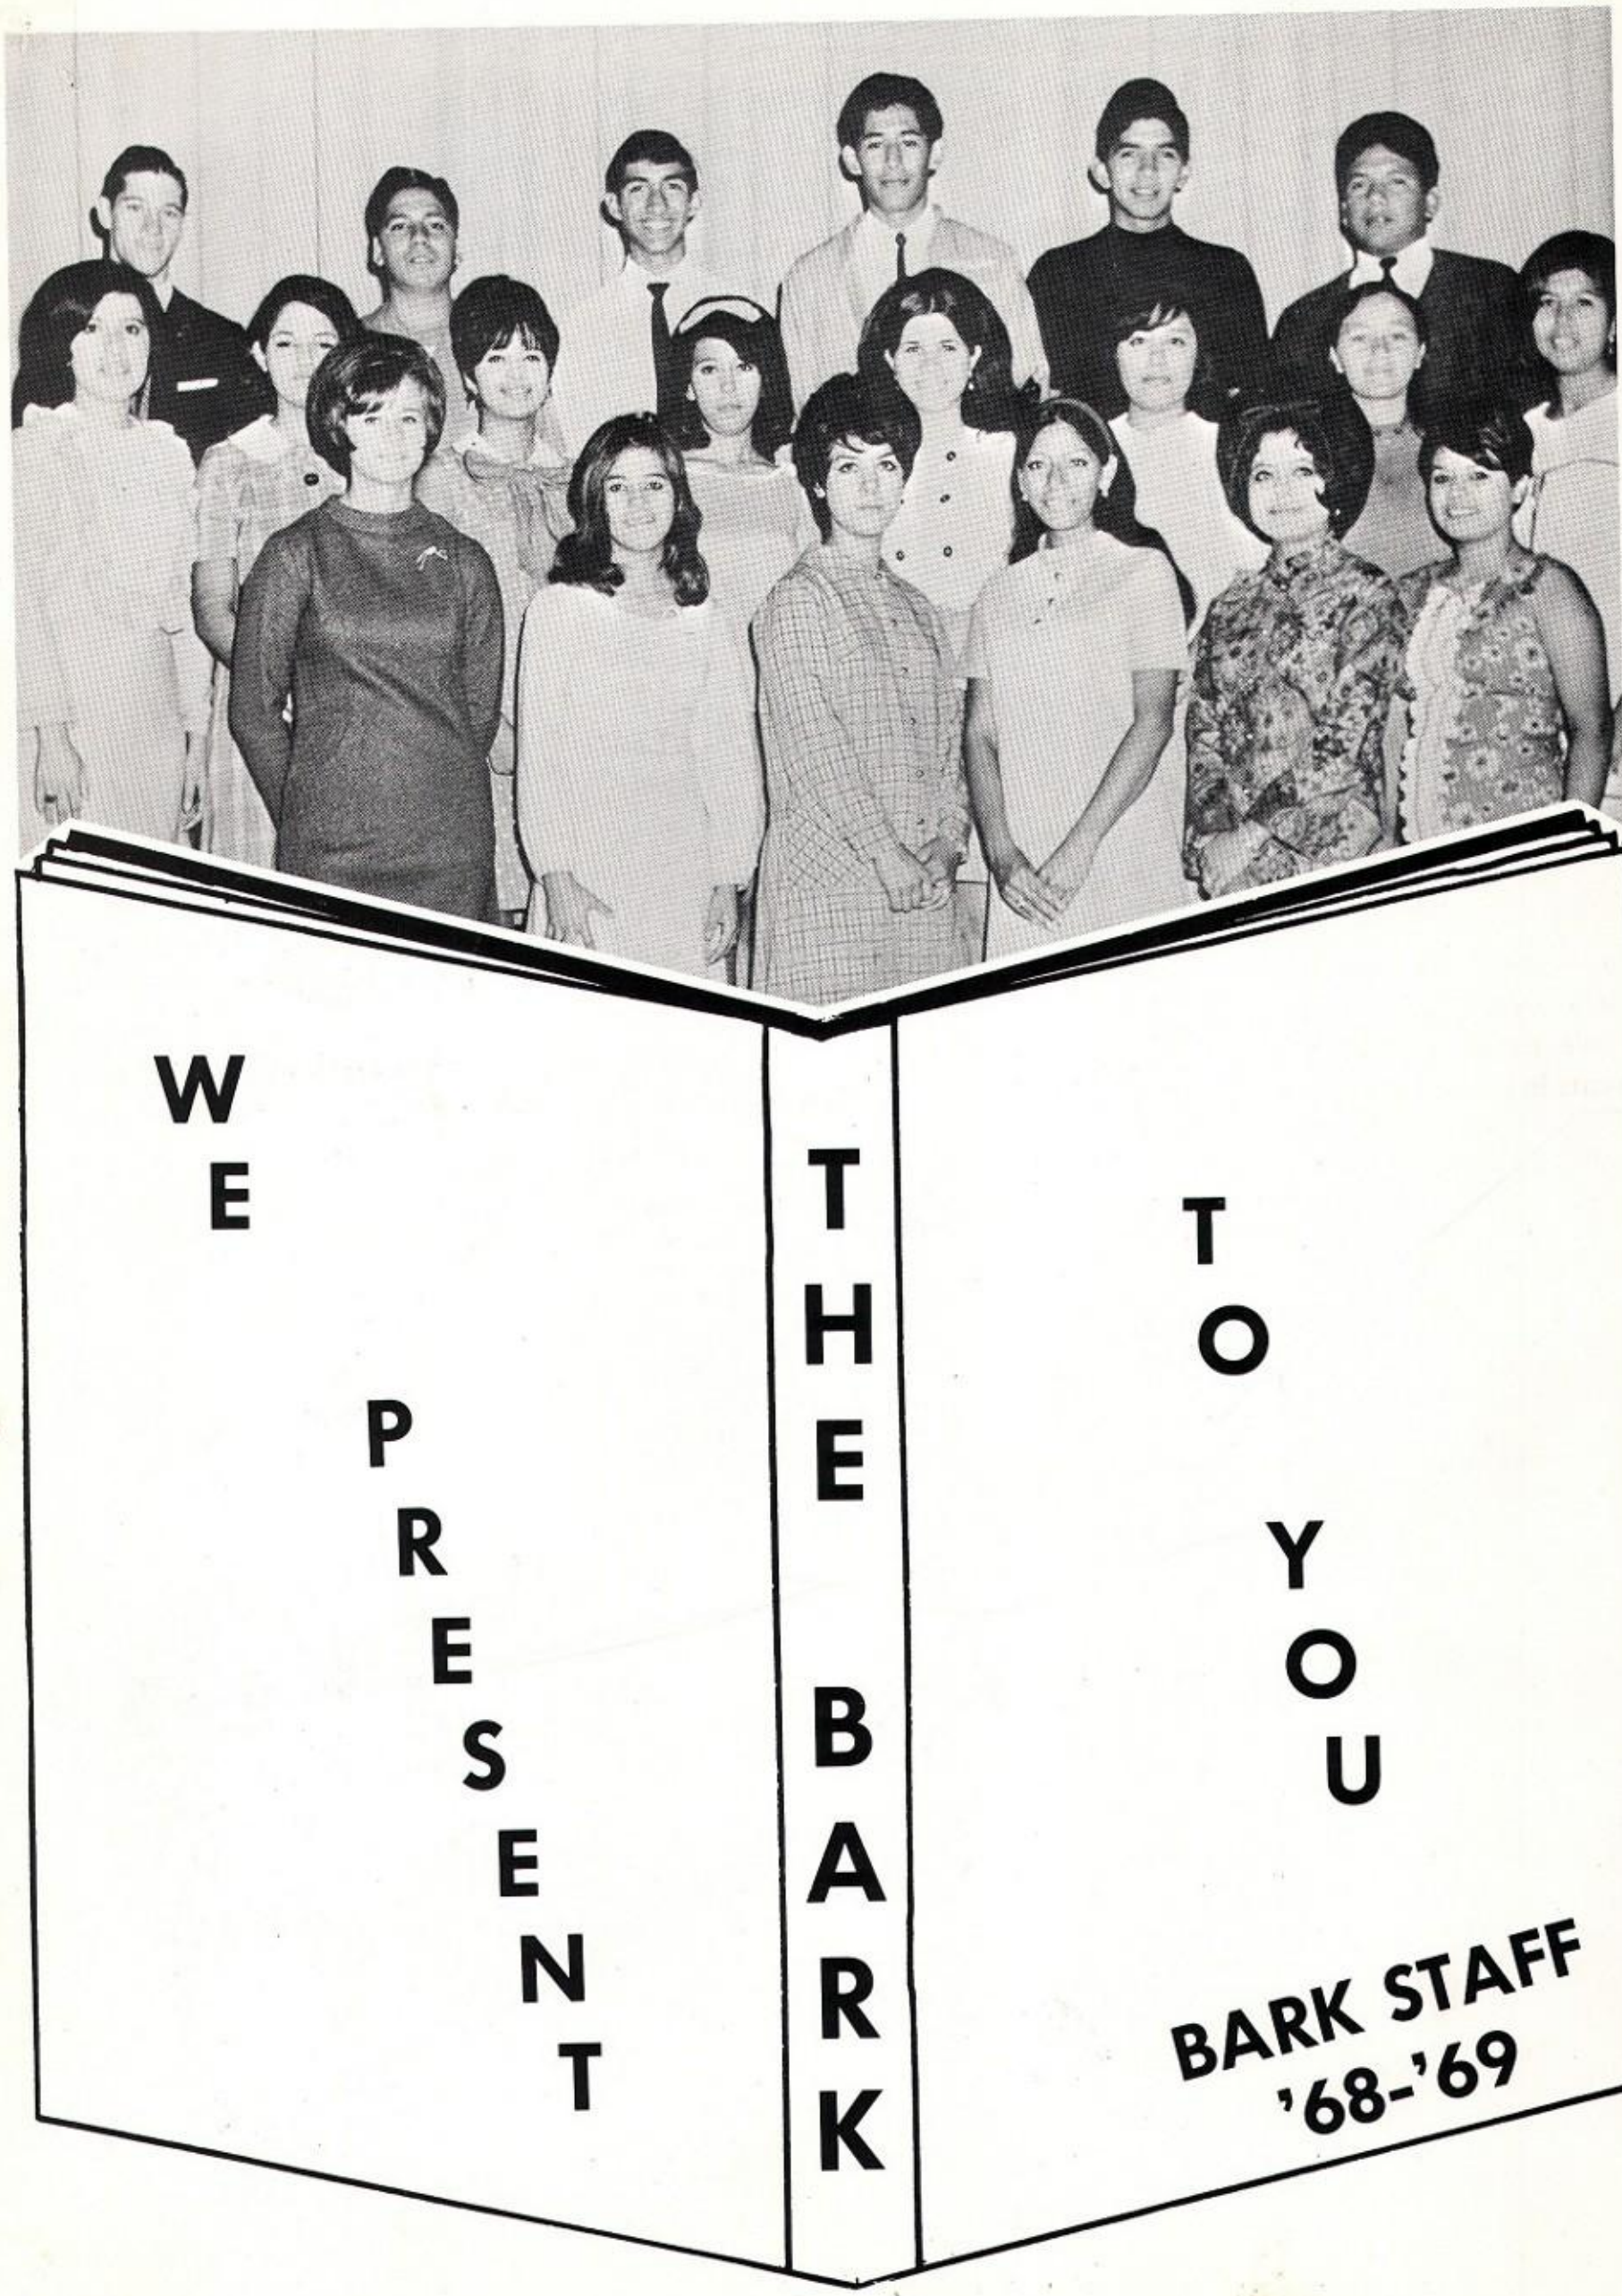
ONAL HIGH SCHOOL



WE PRESENT THE BARK TO YOU

BARK STAFF '68-'69

FOREWORD

The passage of time goes so unnoticed in our lives—only when it is too late and wasted do we realize its importance. Because time is such an important element in man's life, it has been chosen as the theme for the 1969 "Bark."

A school year means so very many different things to all of us. To Freshmen high school is the beginning of a new life, new experiences. Sophomores greet their school year with expectations of greater days to come. Juniors look upon their school year as a year when a long-awaited prom becomes a reality. Seniors, of course, receive their final year with Senior rings and with it all, a much desired walk across a single stage that will introduce them to the mature world of adulthood. Seniors can only look back into a now receding world and remember their years of growing and learning.

We, the Bark Staff of 1968-69, sincerely hope that we have captured "your year" and compiled all the outstanding events in such a way as to make your memories of Luther Burbank Vocational High School happy ones.

OUR FACULTY

To educate each student to his maximum potential is the goal of each Burbank teacher. In order to reach this goal, Burbank teachers frequently spend hours before and after school working with students, preparing lessons, and grading papers.

Only a complete roll call of the faculty would include teachers who give more of their time and energy than is required.

ACTIVITIES

CLUBS, CLASSES DESIGNED FOR STUDENTS

The clubs and classes at Burbank are the outlets for students' interests. Through a special class or organization, a student is able to present his talents to the community. Talents in building cabinets, singing a song, repairing an automobile—these and many more are improved through class and club membership of the students.

If time past before you joined a club or classroom geared to a special interest, challenge yourself to identify with that group next year.

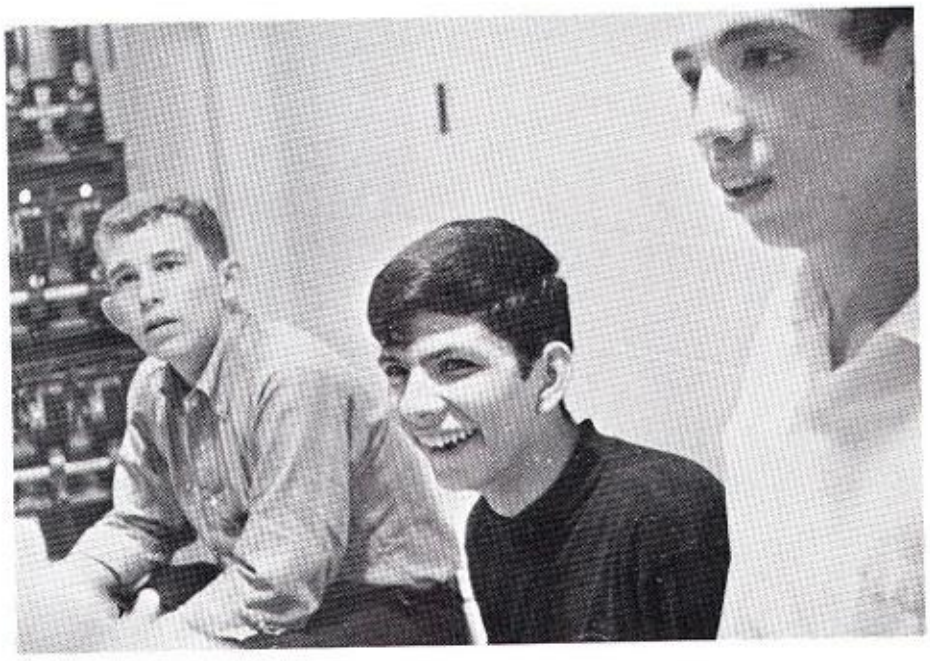
PURPOSE OF LIMELIGHTERS

The Limelighters exist to further the appreciation of the performing arts among the Burbank student body and to provide an opportunity for the students to develop their abilities in the performing arts.

LIMELIGHTERS IN ACTION

Limelighters officers: First Row: Stephen Turner, Vice-President; Frank Ramirez, president; Second Row: Kathy Guerrero, secretary; Linda Harvey, treasurer; Third Row: George Ozuniga, sgt.-at-arms; Cecilia Galvan, parliamentarian



These are the boys that run the controls.

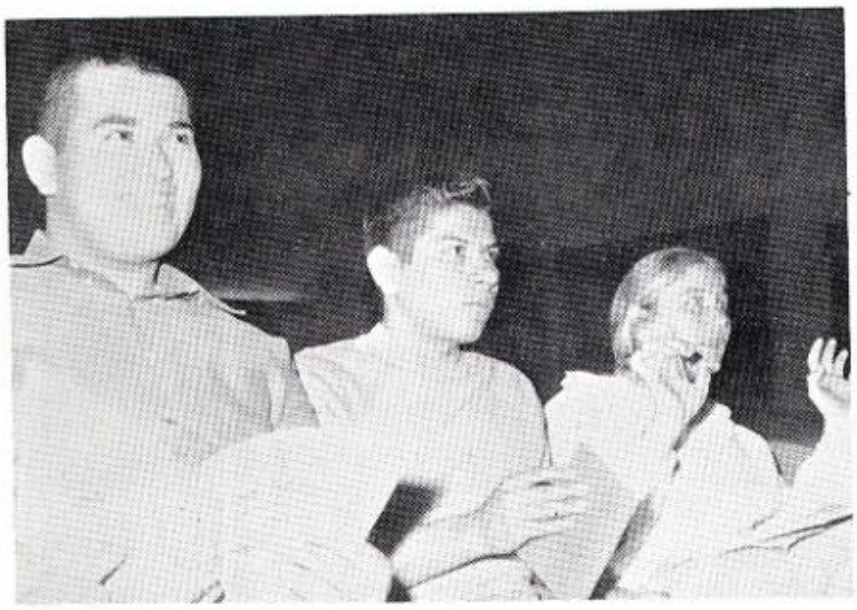
LIGHTS OUT! Hey Leonard! LIGHTS OUT! The play is ready to begin.



SAY IT WITH FEELING. Mrs. Turner, Limelighter boss, can't talk without using her hands.

Careful, or there'll be a blackout.

PURPOSE

The Student Council serves many purposes. Perhaps the best way to explain all of the purposes and objectives of the Student Council is to quote Article II of the Constitution. It reads "The purpose of this organization shall be to develop attitudes of/and practice in good citizenship; to promote harmonious relations throughout the entire school; to maintain high school morale; to assist in the functions of the school when called upon; to provide opportunities for student expression; to provide orderly leadership of school activities; to charter school clubs and other organizations; and to promote the general welfare of the school."

Throughout the years the Student Council has had an active school spirit committee which has maintained high morale. It has taken charge of raising funds for the March of Dimes and the Christmas Clearing Bureau. The Student Council has ratified the constitution of the numerous clubs of our school, Luther Burbank Vocational High School.

PURPOSE

Offices occupations education is a combination of courses and practical experiences, organized into programs of instruction to provide opportunities for persons to prepare for and achieve career objectives in office occupations.

This program is designed to serve the needs of society through initial, refresher, and upgrading education. It leads to employment and advancement of individuals in occupations in public enterprises or organizations related to the facilitating function of the office which includes such activities as: recording and retrieval of data, supervision and coordination of office activities, internal and external communication and the reporting of information.

Office occupations education serves the entire spectrum of individual abilities from the very low to the very high. High school students, those who have completed or left high school, those who have entered the labor market and need training and retraining, persons with special educational disadvantages and teachers of office occupations are the major groups which can expect service from office education programs.

Mixed Chorus brings entertainment wherever it goes. The members learn the basic fundamentals of music and learn to sing in a group. A good performance represents long hours of work. It shows that the people in it have learned to cooperate with each other and with their director. It shows that each member loves to sing and enjoys putting forth an effort to make each and every program the best it could possibly be. It is an honor to be a part of Mixed Chorus.

The 1969 BARK staff compiled the yearbook. In addition, the staff compiled, typed and sold the BOW-WOW, student directory.

Ginny, Christine, Yolanda Martinez, Joe, and John attended the Press Conference in Austin.

The staff held two school-wide newspaper drives.

Filing and identifying pictures, organizing senior activity sheets, selling autographs, and collecting yearbook payments—each helped was a portion of the work done by the staff in presenting the yearbook to you.
